

Welcome to Sirnach

[DE](#) | [EN](#) | [FR](#) | [IT](#)

I am very happy to know that you visit the homepage of the political community of Sirnach. I welcome you warmly in the name of the Community Council and my colleagues, and invite you on a virtual roundtrip through our whole community, which includes the villages of Sirnach, Busswil, Littenheid, Horben and Wiezikon.

Sirnach is an attractive community in the south of the canton Thurgau and offers its 8'000 inhabitants a modern infrastructure and a high quality of living. A charming and intact landscape is inviting for walks and bike tours.

As with to accessibility our villages are very well connected thanks to the motorway A1 and the railway line Winterthur-St.Gallen.

Sirnach is connected in a rhythm of every 30 minutes with the railway line to the economic metropolis of Zurich. The intercontinental airport of Zurich-Kloten is reachable through motorway A1 in only 40 minutes.

Many families appreciate the global education possibilities offered in our region. From the primary school in the community through the secondary school (leading to intermediate qualification) and to the professional education centre in Wil, there are an abundance of attractive learning opportunities for our youths and young adults.

We are very proud in Sirnach with respect to it's active cultural and social life. The theatrical troupe with its operetta performances, for example, enjoys a high reputation going well beyond the community boundaries. Quite a few cultural clubs and societies create an attraction for leisure time. This excellent context makes Sirnach to be looked upon as one of the most interesting locations for companies in a wide spectrum of business sectors.

You will learn more about us in the following pages. Enjoy your virtual excursion and:

see you again in Sirnach!

Beat Schwarz
Mayor
